### PROFILE SUMMARY

Computer Science Student at University of Arkansas, seeking a 2026 Summer internship to deepen my programming experience and contribute to a company where I can grow and make meaningful contributions and connections. Experienced in leadership and teamwork, including student council and basketball team captain. Currently enrolled in Programming Paradigms, Operating Systems, and GPU Programming.

### EDUCATION

Expected December 2026

3.1 GPA

2022-2025

UNIVERSITY OF ARKANSAS

- Ongoing, Computer Science Major
- Completed Minor in Sociology

2021-2022

SOUTHWESTERN UNIVERSITY

- Computer Science Major

### WORK EXPERIENCE

#### School Project

AUG 2025-PRESENT

JAVA

- Currently developing a 2d and 3d game with different views to switch through in Java.
- Designed as an interactive game board with dynamic background changes and environmental elements.
- Obstacles, character movement, view changes, with event driven programming.
- Applying object oriented programming, and GUI handling.

### SKILLS

- Object Oriented Programming
- Debugging
- Problem Solving
- Team Collaboration
- Adaptability
- Attention to Detail
- Loyal
- Strong Work Ethic

#### School Project

Jan 2025-May 2025

C++

- I designed and implemented a menu driven program in c++, integrating multiple data structures and algorithms.
- Implementations of linked lists, hash tables, priority queues, and character matrices.
- Developed algorithms such as merge sort, recursive flood fill, DFS boggle solver, and a query indexing through files.

### LANGUAGES

- Programming Languages
- Java, C++, Javascript, Python, Terminal, Cuda
- Frameworks/Libraries/Tools
- JFrame, Github
- Currently learning Spring, Angular

#### Job Experience

2019-2025

- 28 Springs- Delivered excellent customer service in fast-paced environments, demonstrating strong communication and problem-solving skills.
- Club Car Wash- Collaborated with team members to ensure smooth operations and efficient workflows.
- Sonic- Managed multiple tasks simultaneously, showing time management, organization, and attention to detail.
- Hounds Lounge- Maintained professionalism and reliability, consistently exceeding performance expectations.
